- Jacqui said the VALE SIL Committee are preparing a proposal on assessment of information literacy skills.

Proposals for NJLA
- Ruth suggested the Group to have a panel on the Licensure requirements to exchange ideas on what is done at different institutions.
- AnneMarie suggested to invite Mary Macdonald (U. of Rhode Island) to speak about how to write an Information literacy plan.
- More discussion in the next meeting.

Immersion 08
Amy Clark shared her learning from the ACRL program (San Diego)
- Start small (change).
- Better with 2 or three objectives than 12 in one session.
- Focus on the few objectives in the session and give information for other resources.
- Interact with faculty and work with faculty on assignments.
- Librarians need to present and write for non-librarian audiences. For example, attend a conference English faculty will go to. This is a way to educate faculty about information literacy issues.

Discussions:
- Ellen mentioned an article – What students need to know about librarians – will send the citation to the Group.
- Ma Lei referred to a new book: A disciplinary blueprint for the assessment of information literacy by Dorothy Warner. The author offered a plan to integrate information literacy in various disciplines.
- Leslie will refer a book citation to the Group.

Future speakers/topics
- Amy reported that CJRLC might be interested in collaborating on a K-20 IL program.
- AnneMarie has communicated with different high school librarians and recommended a better approach is directly with sending high schools in each college area.
- Suggestion: let VALE SIL set up a meeting with Amy Kearnes at CJRLC, and invite our group to participate. (Jacqui)

Other
Eleonora will be on vacation for the October 17 meeting but it will still take place at Monmouth, with Jacqui chairing.
